

MOHAMAD JAID

Panipat, Haryana | +91-9996815786 | zaidmalik1055@gmail.com | linkedin.com/in/mohamad-jaid | github.com/Zaid-malik9717

OBJECTIVE

Final-year B.Tech student specialising in Artificial Intelligence and Machine Learning, with hands-on experience in Generative AI, LLMs, Computer Vision, and data analytics. Seeking a full-time AI Engineer role to build intelligent, data-driven solutions — with a strong interest in applying AI to healthcare and MedTech operations. Available from **June 2026**.

EDUCATION

Bachelor of Technology (Hons.) – CSE (AI & ML)

2022 – 2026

Geeta University, Panipat, Haryana

CGPA: 7.78 / 10.0

Relevant Coursework: Machine Learning, Deep Learning, NLP, Computer Vision, Data Structures & Algorithms, DBMS, Software Engineering

TECHNICAL SKILLS

Programming	Python, C++, SQL
AI / ML	Generative AI, Large Language Models (LLMs), Prompt Engineering, NLP, Computer Vision, YOLOv8, Machine Learning, Deep Learning
Frameworks & APIs	Azure OpenAI, Azure Speech Services, GPT-4, OpenAI API, TensorFlow, PyTorch, Streamlit, WebRTC
Data & Analytics	Power BI, Tableau, Pandas, NumPy, Excel, Data Visualisation, Neo4j
Developer Tools	Git, GitHub, VS Code, Jupyter Notebook, REST APIs
Core CS	OOP, Data Structures & Algorithms, System Design

PROJECTS

AI Avatar Tutor – Interactive Learning Platform

Aug 2025 – Dec 2025

Azure OpenAI | Azure Speech Services | GPT-4 | Python | Streamlit | WebRTC

- Built an AI-powered avatar tutor with real-time voice interaction using Azure Speech SDK and WebRTC, achieving **95% speech recognition accuracy** and **sub-2-second response latency** — demonstrating end-to-end AI product development applicable to patient-facing healthcare tools.
- Integrated GPT-4 for intelligent multi-turn conversations with context-aware memory management and multi-language STT/TTS support.
- Designed a responsive Streamlit interface with seamless avatar video rendering and lip-sync.

Student Attention Tracking System – Computer Vision

Feb 2025 – Apr 2025

Python | YOLOv8 | OpenCV | Computer Vision

- Developed a real-time behaviour monitoring system using YOLOv8, classifying states (attentive, distracted, phone usage, sleeping) with **92% accuracy at 30 fps** — the same CV pipeline is directly transferable to clinical workflow and patient monitoring applications.
- Built a webcam-based inference pipeline and visual analytics dashboard to track and report engagement patterns.

NOVA – Conversational AI Chatbot

Oct 2024 – Dec 2024

Python | OpenAI API | Prompt Engineering | GUI Development

- Built a GUI-based chatbot with advanced prompt engineering, multi-turn dialogue, and conversational memory; reduced API response time by **40%** through efficient call management and caching.

LLM Prompt Optimisation Framework

Ongoing

Python | OpenAI API | NLP

- Developing reusable prompt templates for summarisation, Q&A, and content generation, improving output consistency by **35%** across model experiments.

TRAINING & INTERNSHIPS

Data Analytics Intern

Samatrix.io

Jun 2024 – Aug 2024

Gurugram, Haryana

- Analysed large datasets using Python, SQL, and Excel to surface actionable business insights; automated data processing scripts, improving pipeline efficiency by **30%**.
- Built interactive dashboards in Power BI and Tableau to visualise key performance metrics for stakeholder reporting.

Data Structures & Algorithms Trainee

Coding Blocks

Jun 2024 – Aug 2024

Noida, Uttar Pradesh

- Completed intensive training in advanced algorithms, dynamic programming, and graph theory (C++); solved **200+** **problems** on LeetCode and HackerRank.

Python Development Trainee

Solitaire Infosys

Jun 2023 – Jul 2023

Mohali, Punjab

- Developed full-stack Python applications using OOP principles; built a Restaurant Management System with SQLite and tkinter GUI.

CERTIFICATIONS

- Neo4j Graph Data Science Certification – Neo4j (2025)
- Deloitte Australia Data Analytics Job Simulation – Forage (2024)
- 100 Days of Code: The Complete Python Pro Bootcamp – Udemy (2024)
- SQL for Data Analysis – Udemy (2025)
- Design Thinking: A Primer – NPTEL (2023)

CO-CURRICULAR ACTIVITIES

- **NSS Volunteer**, Geeta University (2023–2025) – organised community service campaigns across campus.
- **Backstage Coordinator** for university technical events (2023, 2024) – managed logistics for **500+** **attendee** events.
